

## Business Partners in Education

Partner with Junior Achievement (JA) to inspire Hampton Roads students to reach new heights! As a Business Partner in Education, your company can assist Junior Achievement in preparing local youth for the future. This is done by providing company employees to volunteer in the classroom to deliver JA programming. Each volunteer is trained by a Junior Achievement staff member and provided all necessary material to present impactful lessons on workforce readiness and budgeting basics to students. Our Business Partners also contribute to Junior Achievement by supporting a school, grade level, or classroom. This ensures that valuable SOL-correlated curriculum, interactive lesson materials and volunteer trainings are all possible.

Junior Achievement of Greater Hampton Roads was established in 1966. Volunteers from the community deliver our interactive curriculum in classrooms throughout the Hampton Roads area at no cost to local schools. These role models transform the key concepts of our lessons into a message that empowers students to believe in themselves, showing them they can make a difference in the world. Junior Achievement of Greater Hampton Roads serves thousands of local students annually with the help of our generous volunteers and donors.
