

LEARNING EXPERIENCE OVERVIEW

JA Our Nation[®]

JA IN A DAY

■ Work and Career Readiness

JA Our Nation introduces fifth-grade students to the intersection of work readiness and upper elementary grades social studies learning objectives. Through hands-on classroom activities, the learning experience provides students with practical information about the nation's free market system and how it serves as an economic engine for businesses and careers. The curriculum also introduces the need for entrepreneurial and innovative thinking to meet the requirements of high-growth, high-demand careers and the concept of globalization in business.

The JA in a Day model consists of five kit-based, volunteer-taught sessions that include primary and secondary objectives from the traditional learning experience. Each JA in a Day session is 35–40 minutes. The JA in a Day implementation model will receive four Instructional Contact Hours upon registration.

Concepts: Businesses, careers, career clusters, collaboration, communication, competition, competitor, consumer, critical thinking, engineering, employees, employers, entrepreneur, free market economy, global economy, goods and services, human capital, innovation, invention, interdependence, job specialization, opportunity cost, product, producer, profit, resources, resume, skills, technology, work readiness

Skills: Analyzing occupations, analyzing information, brainstorming, creative thinking, collaboration, communication, decision making, estimating, following written instructions, interpersonal skills, interpreting economic issues, map reading, organizing information, prioritizing, problem solving, reasoning, speaking and listening, STEM skills, teamwork, working cooperatively, working in pairs, written communication
